WILDEARTH GUARDIANS, et al.,

Case No. 3:21-cv-00508-MMD-CLB

Plaintiffs.

v.

USDA ANIMAL AND PLANT HEALTH
INSPECTION SERVICE WILDLIFE
SERVICES, *et al.*,

ORDER

Defendants.

12 Plaintiffs initiated this action to challenge Defendants' environmental assessment
13 of their predator management program. (ECF No. 1.) Following summary judgment
14 proceedings, the Court denied Plaintiffs' motion for summary judgment and granted
15 Defendants' motion for summary judgment. (ECF No. 41 ("Summary Judgment Order").)
16 The United States Court of Appeals for the Ninth Circuit subsequently vacated the Court's
17 Summary Judgment Order in part and affirmed it in part (ECF No. 45 ("Opinion")), and on
18 July 3, 2025, issued its mandate thereon (ECF No. 47), returning jurisdiction to this Court.
19 At the Court's direction, the parties submitted a joint status report as to actions that need
20 to be taken to effectuate the mandate. (ECF No. 52.) The Court agrees with the parties'
21 proposed actions.

22 It is therefore ordered that this action is remanded to Wildlife Services¹ to
23 reconsider whether to prepare a new Environmental Assessment ("EA") or an
24 Environmental Impact Statement ("EIS") under the National Environmental Policy Act
25 ("NEPA"), 24 U.S.C. § 4321 *et seq.*, in light of the Opinion. In accordance with the parties'
26 2016 settlement agreement, Wildlife Services "may continue PDM [predator damage

1 management] in other areas in the state relying on older NEPA analyses while the new
2 NEPA analysis is conducted." (ECF No 45 at 39.)

3 The Clerk of Court is further directed to close this case.
